The square hockey puck cards can be used to play three different games.

Strategy 1: In this game, place the square hockey puck cards in a small pocket chart, like the ones you can purchase at Target's Dollar bin. Behind one of the cards, you or a student will hold the "Steakley Cup Trophy" card. They will have to pick the card that has the trophy on it. They will have to pick the card that has the trophy on it.

Strategy 2: Use the hockey puck cards to play a game of "Hockey Puck" by reading the words on the cards. The student who reads the word correctly gets to keep the card. The student who does not read the word correctly has to put the card back in the pocket chart.

Strategy 3: Use the hockey puck cards to play a game of "Hockey Puck" by reading the words on the cards. The student who reads the word correctly gets to keep the card. The student who does not read the word correctly has to put the card back in the pocket chart.

Surf's Up!!

Surf's Up Card

The square Beach Ball cards can be used to play three different games.

Surf's Up!! In this game, place the square Beach Ball cards in a small pocket chart, like the ones you can purchase in Target's Dollar Bin. Behind one of the cards, you or a student will hide the 'Surf's Up' picture while the other students have their backs turned. Students take turns indicating a Beach Ball word that they believe the Surf's Up card is hiding behind. They may not just point to a card. They must say the word. If the Surf's Up card is behind the beach ball card, then the child who guessed now gets to hide the Trophy. Otherwise, the next student gets a turn and so on until the Surf's Up card is found.

This larger set of balls are for laminating and practice. These are also a good size if you decide to add ball words to your word wall as I do on mine. These are also the size I use when playing Beach Ball word slap with flyswatters or beanbag toss.
