write About word Family words

Choose at least two words from the family. Use them in a sentence or two and illustrate.

Rhyming words

Find words from the word family that rhyme with the pictures below and record them on the grid.

Word Family Hunt

This activity gives your students an opportunity to practice reading word family words while playing a fun interactive game. These word family word cards in a small packet. Inside one word is hidden in the picture. If they guess correctly, they get to keep the card. If not, they get to keep the card for another student to use.

Write the words in the picture and then write them next to the matching picture.

**Introducing the ~in Family**

This first day of the week when learning a new word family, use the placards to make the words as a whole group. This is a very kinesthetic and engaging activity for young learners. Hand out only the placards you will need to make words for that week's word family. Here are the letters you will need for the ~in family: in p f k t w ch g r w

Words you will be making:  
Pin, fin, kin, tin, win, chin, grin, spin, shin, twin

**Homework/Morning work**

For extra practice, morning work or homework options, you will find a variety of activities below. Several of these activities are differentiated, allowing you to provide practice for students at their own level of readiness.

**write The Room**

Laminate, cut apart, and mount the write the room cards below with masking tape around your room. Based on your students' readiness level, select a recording sheet for them to use. You may either laminate these (my preferred method) or print them off to use with a dry erase marker. Hand your student a clipboard and have them search the room for the word pictures. For students who have NOT progressed towards mastering their letter sounds quite yet, I have them write the v from the word wall for practice (see "w/ word wall" response sheet).

**Classroom Posters**

There are two options for classroom posters. You can choose to have a full size word family picture and use the long word cards that follow and mount them with painter's tape (I like the frog tape brand the best).

Or you can choose to use the half page size with the smaller word cards and place them in a pocket chart for the week you are using them. Then you can transfer them to your wall or take the word cards and move them to a ring and make them available in your writing center or under/over your word wall for easy reference.
