Homework/Morning work
For extra practice, morning work or homework options, you will find a variety of activities below. Several of these activities are differentiated, allowing you to provide practice for students at their own level of readiness.
Write The Room
Laminate, cut apart, and mount the write the room cards below with masking tape around your room. Based on your students readiness select a recording sheet for them to use. You may either laminate these (my preferred method) or print them off to use with a clipboard. you prefer. Hand your students a clipboard and have them search the room for the words in pictures. For students who have NOT progressed towards mastering their letter sounds quite yet, I have them write the words from the word wall for practice (see "word wall" response sheet).
