There are four different spinners available for two sets of rhymes. This will allow for some extension of activities and ample opportunity to differentiate. For instance, one spinner has just a picture, one a picture with the word, one just the word and one has the rime. Likewise, the recording sheets are differentiated as well. You will find one recording sheet that has just pictures, one with pictures and words and one with just words. This is how an activity from this spinner packet might look if it were in your planning book:

Spin and Spot a Rhyme: Spin the spinner to select a picture. Find another picture on the response sheet that rhymes with the picture on your spinner. Color or 'dot' the rhyming picture. If you'd like to play with a friend, see who can 'dot' four in a row first.
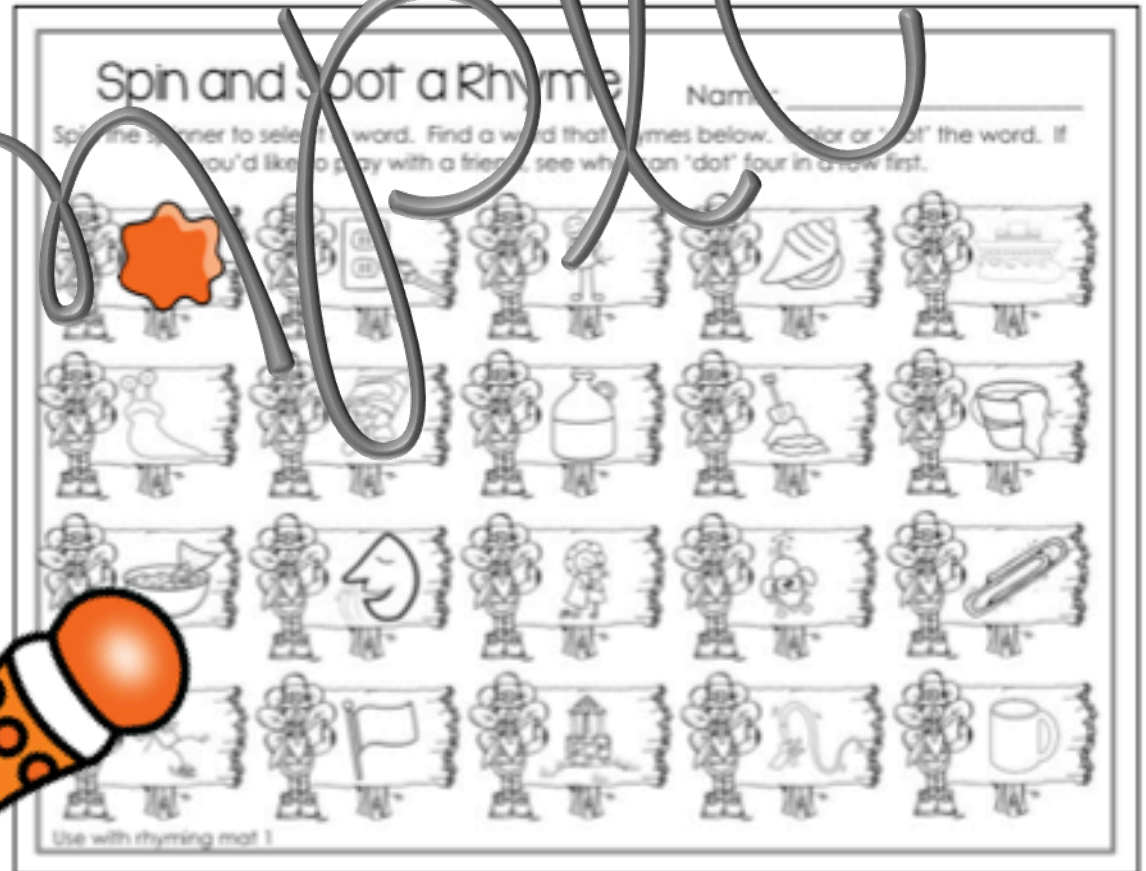

Spin An Onset: Spin the spinner to select an onset. Place the letter in front of the rime on the lines. Color the pilgrim's hat brown if it makes a real word. If it makes nonsense word, color the hat yellow.
